

PARTH PRATIK

Data Analyst

📞 +91 6201000911 @ parthpratik18@gmail.com 📍 Dhanbad, Jharkhand

SUMMARY

I'm a results-driven Data Analyst with over 4 years of experience focusing on data modeling, ETL development, and reporting. I've worked with enterprise clients developing scalable interactive dashboards. My expertise includes SQL, Power BI, and cloud-based data solutions such as Databricks, enabling data-driven decision-making and improved operational efficiency

EXPERIENCE

Data Analyst

LTIMindtree

📅 11/2022 - Present

A leading global technology consulting and services company

- Designed & implemented interactive Power BI dashboards for multiple business verticals
- Migrated reporting sources from SQL to Databricks Delta tables, improving performance & scalability
- Built ETL workflows & data models ensuring accuracy and reliability in analytics reporting
- Led Power Apps development to streamline secure data entry and operational workflows
- Managed Power BI Service: workspace permissions, scheduled refresh, gateway configurations
- Implemented Row-Level Security (RLS) for secure, role-based access to sensitive data
- Automated reporting pipelines reducing manual effort by 30%
- Collaborated in Agile Scrum: sprint planning, backlog refinement, retrospectives

Backend Developer – L'Oréal

LTIMindtree

📅 08/2021 - 11/2022

A leading global technology consulting and services company
